DETAILED ACTION

Response to Amendment

1. In response to the Amendment received on February 10, 2006, the examiner has carefully considered the amendments. The examiner acknowledges the cancellation of claims 1-2, 4-8, 11-16, 19-22, 24-29 and 28.

Continued Examination Under 37 CFR 1.114

2. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 2/8/06 has been entered.

Response to Arguments

3. Applicant's arguments, see Remarks/Amendment, filed 2/10/06, with respect to claims 1-28 have been fully considered and are persuasive. The rejection of claims 1-2, 4-8, 11-16, 19-22, 24-26 and 28 has been withdrawn in view of applicant's amendment canceling said claims.

Allowable Subject Matter

4. Claims 3, 9-10, 17-18, 23 and 27 are allowed.

5. The following is an examiner's statement of reasons for allowance: Applicant has amended the claims to positively stipulate that the first pendent group of the highly fluorinated polymer comprised in the polymer electrolyte membrane has the formula found in the instant claims. The instant invention is distinguished over the combination of prior art made of record since said pendent groups are not disclosed. The prior art fails to teach neither the methods of making said polymer electrolyte membranes according to claim 9 nor the polymer of claim 27.

Art Unit: 1711

Note: The examiner deems that the formulas in claims 9-10 are proper since step a) teaches said pendent groups are sulfonyl halide groups, which would make the definition for X a halide.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Sanza L. McClendon whose telephone number is (571) 272-1074. The examiner can normally be reached on Monday through Friday 7:30-4:00.
